Acrobat® Insider for AEC Professionals

Tips and Tricks for Adobe® Acrobat® 8 / **JANUARY 2008**

Brought to you by **cadalyst**

GRANULAR SECURITY.
GREATER CONFIDENCE.

Working with Security Features in Adobe® Acrobat® 8

By Michael Dakan

In this issue of *Acrobat Insider for AEC*, we delve into security permissions, which control what users can do to a PDF they open, and talk about additional security features introduced by the new capabilities in Adobe® Acrobat® 8.

► **Basic File Access**

The most basic security setting is overall file access security for a PDF file, which controls who can open a document. [Read More](#)

► **Permissions**

In addition to restricting file access, you can specify exactly what a user can and cannot do with a PDF file by setting permissions. [Read More](#)

► **Packages and Security Envelopes**

The new package feature in Adobe Acrobat 8 gives you more ways to apply security features to PDF files. [Read More](#)

► **Security Policies**

You can save the security settings for a PDF to be re-used later with other PDF files or to ensure consistency within a group of documents. [Read More](#)

► **Adobe LiveCycle® Policy Server and Document Center**

For maximum control of security policies, consider using Adobe LiveCycle Policy Server software. For organizations with fewer users, as well as for individual users, Adobe Document Center can provide similar PDF policy controls on a pay-per-use basis. [Read More](#)
