features

12 techtrends By Heather Livingston

Have It Your Way

Mass customization depends on parametric modeling to deliver made-to-order goods in less time — and at a lower cost — than one might have ever imagined.

18 cadalystlabsreport By Curt Moreno

Monitors for CAD

We review what's new in display technology, offer tips for selecting the right model, and compare options from AOC, EIZO, HP, Lenovo, NEC, and ViewSonic.

30 cadmanager By Robert Green

Sharpen Up!

Use the 80/20 approach to time management to hone your skills and influence.

32 circlesandlines By Lynn Allen

Get a Grip on Array Editing

In AutoCAD 2013, new dynamic grips and polar and path array tools make it even easier to manage arrays.

34 userprofile By Cyrena Respini-Irwin

The Alpha of Beta Testers

Masanobu Higashino devotes his free time to hunting down bugs and honing his SolidWorks expertise.

Dell Precision M6700

System packs high-end desktop workstation power into a portable form factor.

28 firstlook By Art Liddle

Eurocom Panther 4.0

This 17.3" mobile workstation delivers a brilliant display, tremendous memory and storage capacity, and terrific speed — but shouldn't stray far from a power outlet.
